Abstract

Two known species of the genus *Plectus* Bastian, 1865 and one known species of the genus *Ironus* Bastian, 1865 are reported for the first time from Pakistan. Brief descriptions and illustrations of *Plectus tenuis* Bastian, 1865, *P. perietinus* Bastian, 1865 and *Ironus dentifurcatus* Argo & Heyns, 1972 are given.
